

Environmental Policy

Pace Industries, an integrated company that provides quality die casting, manufacturing, and engineering solutions worldwide, is committed to our core values of Accountability, Compassion, Integrity, Excellence, and Fairness.

These values and commitments extend to our obligation as an environmentally responsible neighbor by focusing on and allocating resources towards:

Preventing Pollution

Achieving Environmental Objectives and Targets

Continually Improving our Performance

Emphasizing Compliance with Legal, Regulatory, and Other Requirements

Top management at Pace Industries will ensure these commitments are met by implementing and maintaining our environmental management system, setting and achieving objectives and targets, and periodically reviewing our performance.
